# TMT 4

## BUTTERFLY TURNSTILE

## TMT 4 BUTTERFLY TURNSTILE

The TMT 4 butterfly turnstile provides one-way control for a simple and basic solution. With its simple solution, it is generally used in markets and in any indoor entrance and exit.

### Application

TMT 4 butterfly turnstile can be installed in various interior locations, that do not need any controlled entrance and exit like markets, warehouses.

### Basic Materials

TMT 4 butterfly turnstile is produced chrome-nickel plating on the body. Thanks to the spring system inside, it provides one-way control.

### General Usage

TMT 4 works as one-way controlling. Any Access control reader can not connected to it as it has no mechanism inside it. It is opened by pushing it by hand.
